Report on Review of Interim Condensed Consolidated Financial Information

To / Board of Directors Kuwait Emirates Holding Company K.S.C.P and its subsidiaries State of Kuwait

#### Introduction

We have reviewed the accompanying interim condensed consolidated financial information of Kuwait Emirates Holding Company K.S.C.P. (the "Parent Company") and its subsidiaries (together referred to as the "Group") - which comprise the interim condensed consolidated statement of financial position as at 30 June 2025 and the interim condensed consolidated statements of profit or loss, other comprehensive income, changes in equity and cash flows for the six-month period then ended. The Parent Company's Management is responsible for the preparation and presentation of this interim condensed consolidated financial information in accordance with International Accounting Standard (34) "Interim Financial Reporting". Our responsibility is to express a conclusion on this interim condensed consolidated financial information based on our review.

#### Scope of Review

We conducted our review in accordance with the International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim condensed consolidated financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing ("ISAs") and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

#### Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial information has not been prepared, in all material respects, in accordance with International Accounting Standard No. (34) "Interim Financial Reporting".

#### Emphasis of matter

Without qualifying our conclusion, the Group's total assets from subsidiaries within the Syrian Arab Republic as of 30 June 2025 amounted to KD 10,655,514, representing 69% of the Group's total assets (31 December 2024: KD 11,272,920, representing 70% of the Group's total assets and 30 June 2024: KD 11,496,893, representing 71% of the Group's total assets), as the Group has estimated that future political events and economic changes in the Syrian Arab Republic are unlikely to have an impact on the book values of those assets, except for the impact of currency translation

#### Report on other legal and regulatory requirements

Furthermore, and based on our review, the interim condensed consolidated financial information is in agreement with the books of account of the Parent Company, nothing has come to our attention indicating any violations of the Companies' Law No. 1 of 2016, as amended by law No.15 of 2017 and its Executive Regulations, as amended, or Law No. 7 of 2010 concerning the establishment of Capital Markets Authority and organization of securities activity and its Executive Regulations, and article of association and incorporation and its amendments during the six-months period ended 30 June 2025 that would materially affect the Group's activities or its interim condensed consolidated financial position.

### Standards, interpretation and amendments issued and adopted by the Group

The Group has not early adopted any standards, interpretations or amendments that have been issued but are not yet effective.

### Lack of Exchangeability (Amendment to IAS 21)

On 15 August 2023, the IASB issued Lack of Exchangeability which amended IAS 21 The Effects of Changes in Foreign Exchange Rates (the Amendments). The Amendments arose as a result of a submission received by the IFRS Interpretations Committee about the determination of the exchange rate when there is a long-term lack of exchangeability. IAS 21, prior to the Amendments, did not include explicit requirements for the determination of the exchange rate when a currency is not exchangeable into another currency, which led to diversity in practice.

The Committee recommended that the IASB develop narrow scope amendments to IAS 21 to address this issue. After further deliberations, the IASB issued an exposure draft of the proposed amendments to IAS 21 in April 2021 and the final amendments were issued in August 2023.

The Amendments introduce requirements to assess when a currency is exchangeable into another currency and when it is not. The Amendments require an entity to estimate the spot exchange rate when it concludes that a currency is not exchangeable into another currency.

The new standards and amendments that are effective for annual reporting periods beginning on or after 1 January 2025. These amendments did not have material impact on the financial position or the performance of the Group.
